

Board Update

June 12, 2018

21 separate programs in the month of June

Highlights of June Programs

- **Har-Bur Middle School Visit** – 200 Students + teachers and chaperones came for a Revolutionary War themed visit. They went on the Heroes of the Revolution Walking Tour and learned about Tallmadge and the Culper Spy Ring. It was an all-hands on deck type of event to manage the 100+ visitors each of the two days, but worth it, as it brought good exposure (John Mckenna covered in Rep-Am) and income (\$2000)
- **Community Week in the Garden** – Our first programming in the garden. We offered 4 afternoons of free crafts and games to welcome visitors to the new space. Over the week we had 44 visitors. Highlights would be great inter-generational learning experiences (grandparents, parents, and grandchildren working and playing together) and having three 2nd graders from LCS come to check on the plants they planted during their field trip in May.
 - Olivia is working Sundays 7-3 and T/TH from 9-5 and is in the garden (“gardener is in” hours) every Sunday from 11-3 and T/TH from 1-5
- **Pet Parade** – despite heat, had 50 pets and guessing 300-350 people. All went very smoothly. We had over 1000 people clicked into the museum.
- **Community Partnerships** – We partnered with a LOT of organizations, which has been really valuable for our audience building.
 - White Memorial for a Historic Trees Driving tour (14 people)
 - Junior Women’s Club for a craft table at Gallery on the Green (30 people)
 - Northwest Arts Council for a Make Music Day concert in the garden (20 people)
 - Brooker Memorial for a games station at the 100th Birthday celebration (70 people)
 - CT Bar Foundation dinner and lecture (36 people)
 - Litchfield Country Club for games (I’m guessing ~30 meaningfully engaged with us, but exposure would be even more)
 - KidsPlay in Torrington
- **Walking Tours** – The Revolutionary Litchfield tour continues to be popular with over 46 participants this year
- Cathy presented the History of the Law School to the CT Judges Institute – about 35 in the audience.

Social Media

- **Instagram** – Megan started a new account at the beginning of the season and she is up 700 followers
