# TAPPING REEVE MEADOW ACTIVITY BOOK

*It is important we all help to prevent the spread of coronavirus, but social distancing doesn't mean you have to stay inside! Remember to follow CDC's guidelines before venturing outside – including minimum recommended social distancing of six feet from other people.*

Tapping Reeve founded the Litchfield Law School, the first law school in America. **Find the plaque in front of the house and write down the year the site was designated a National Historic Landmark.**

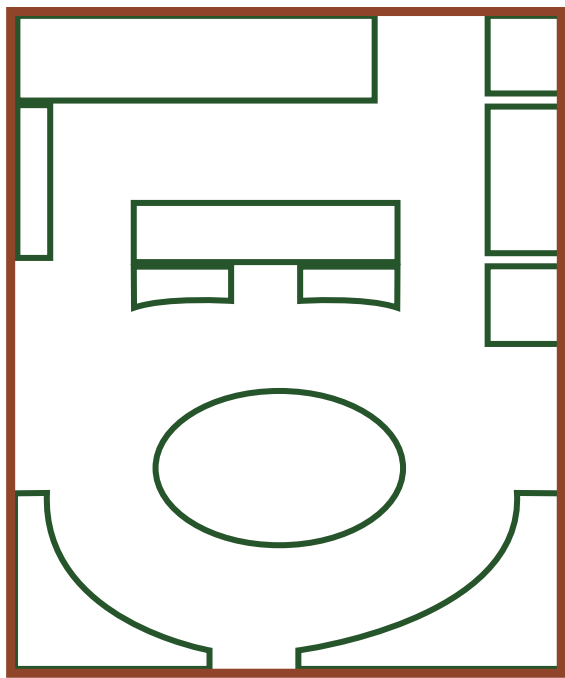

**Can you solve the riddle? Draw your answer in the box below**

The orchard is bare, no fruit to be found  
but one giant 'pomme' is still around  
Sitting on the wall, metal and round.  
What am I?

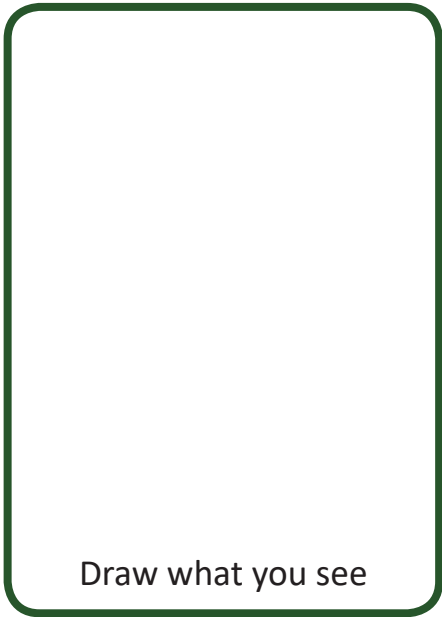

In our garden we learn about gardening and how people fed themselves in the past.

**What would you plant in the teaching garden? Circle the plants you would put in the garden and draw a line to where you would plant them.**

This Meadow is the last piece of wet meadow on Meadow Street. Meadows are important habitats for plants and animals.

**Sit quietly or look closely and write down the wildlife you see in the Meadow.**

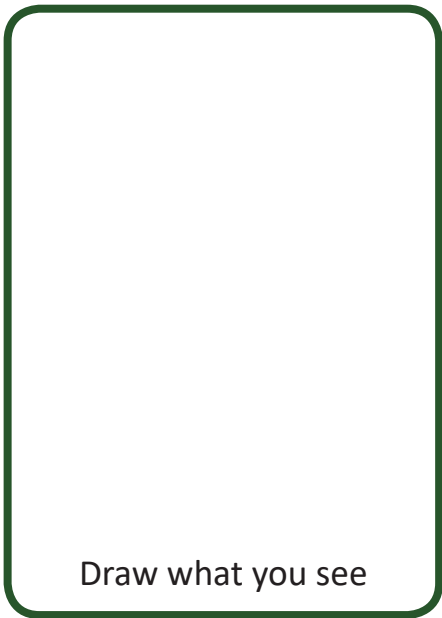

Draw what you see

What do you see:

When did you see it:

Where did you see it:

Notes:

Draw what you see

What do you see:

When did you see it:

Where did you see it:

Notes:

Can you find the following thing in the Meadow and in the word search?

O	F	R	R	Q	C	N	B	V	B	O	T	I	F	D	W	S	J
E	E	Q	A	B	K	B	S	V	W	R	T	P	A	G	W	T	I
