

Support Your Community

There are multiple ways to support the Litchfield Historical Society (LHS). Our **Annual Business Partners** provide vital financial support for our annual programming and receive benefits that help you engage with LHS, the community, and the region.

If you are interested in receiving more brand visibility, our **Sponsorship Opportunities** provide benefits that help you extend your brand into the community while supporting one of our programs, events, or exhibits. LHS's popular events, wide-reaching promotions, and visible location provide an attractive way to turn community investment and marketing dollars into meaningful impact for the Litchfield community.
